Libraries ♥ Syndetics Unbound

Here’s why:

It’s simple.
Syndetics Unbound is designed to use right out of the box. Minimal customization is needed to get Syndetics Unbound into your catalog. An easy-to-use admin tool provides element configuration, holdings management and coverage and usage reports.

It increases usage.
Syndetics Unbound helps patrons discover the books and other media they’ll love, wherever it is. Maximize your acquisitions budget by putting all of your materials within easy reach.

It’s comprehensive.
Syndetics Unbound includes the most expansive coverage of global books and media published in the US, Canada, UK, Australia and New Zealand. It features books, movies, music and video games and, coming soon, will offer international coverage including Spanish.

It’s affordable.
To approach the level of readers’ advisory support and catalog enrichment offered by Syndetics Unbound, you would need multiple packages from other vendors—and they wouldn’t work together. With Syndetics Unbound, it’s all included in one subscription.

Harry Potter was a highly unusual boy in many ways. For one thing, he hated the summer holidays more than any other time of year. For another, he really wanted to do his homework but was forced to do it in secret, in the dead of night. And he also happened to be a wizard.

From the Series

Summary

For twelve long years, the dementors of Azkaban held an infamous prisoner named Sirius Black. Convicted of killing thirteen people with a single curse, he was said to be the heir apparent to the Dark Lord, Voldemort. Now he has escaped, leaving only two clues as to where he might be headed.
