SIRS Discoverer
Where Research Starts.

SIRS® Discoverer® is a multidisciplinary database specifically designed for upper elementary and middle school learners, researchers, and educators covering curriculum areas such as history, health, language arts, math, science, social studies, and technology. All newspapers, magazines, and reference content are editorially-selected, 100% full text and indexed from over 2,200 reliable, high-quality global sources. This resource also includes editorially-maintained educational websites and reference materials such as Biography for Beginners, Rourke Publishing and DK Eyewitness books.

SIRS Discoverer features easy access to the most-used content and features, an intuitive subject tree hierarchy, age-appropriate search, as well as streamlined results and article pages to help young learners connect with and comprehend content. User-friendly advanced search features enable users to find exactly what they need by limiting any search by source type and simple searching by Lexile range.

Essential features for classroom learning and collaboration include seamless integration with Google Classroom, Google Drive, Microsoft OneDrive, text-to-speech functionality, Lexile® reading levels, Educators’ Resources, and much more!
